Why Are Books Important?

A child deserves to be prepared: Educators emphasize that reading with your preschool child is one of the most important activities to prepare them for kindergarten.

Books Are Essential: Studies by the National Assessment of Educational Progress organization have consistently found that the more reading material available in the home, the better students' reading levels are likely to be.

Cost of Children Not Being Prepared: According to Wilder Research, in Minnesota, the cost of children entering kindergarten unprepared is approximately \$113 million annually to school systems due to increased:

- ⇒ Student aid
- ⇒ Special education and grade repetition
- ⇒ Teacher – related costs
- ⇒ Impact on school safety due to delinquent behavior.
