

Local Support for Local Children

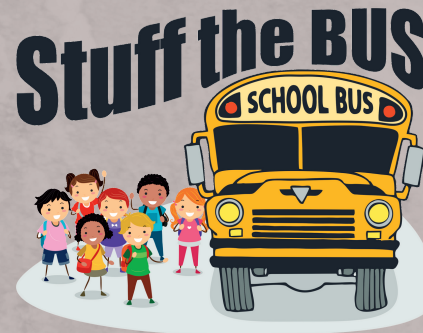

Milroy Public School

Achieving Excellence

UWSWMN offers several programs aimed at ensuring children enter school developmentally on track and prepared for success in school.

Additionally, we offer funding opportunities to help ensure more students have the tools needed to succeed and thrive once they enter school!

Support is only made available because of donations to the annual United Way of Southwest Minnesota fundraising campaign.

The list below details investments made over the past year to help meet the educational needs of children living in the Milroy School District.

This data includes support to all children/schools in the district, i.e. public, private or charter schools.
